To Docket Management Branch:

This letter is in regard to Docket #98N-1038, irradiation in the production, processing and handling of food. I strongly believe that it is my right as a citizen of the United States to know if the food I consume has been irradiated. The consumers' right to truth in labeling is at stake! If labels are eliminated now, only a public health catastrophe can reinstate them. Are you willing to carry that on your conscience? Please do not let the existing laws on labeling expire.

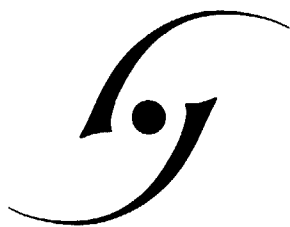

Respectfully,

Joy Kuhlman
